

MyDirectives speaks for you when you can't speak for yourself

Make your health decisions known

MyDirectives®, an online advance care plan platform, can help you and your family have a voice in your care when unexpected medical emergencies happen or as illnesses progress.

MyDirectives is easy to use and is available at no additional cost for Humana members.

What are the benefits?

During medical emergencies, families often have to make several difficult decisions. Tell them what you want with MyDirectives.

- You can tailor it to your specific values, beliefs and treatment goals, and update it whenever you wish
- You can access it 24/7 online—nothing to search for during a crisis
- Share your plan with your providers at any time

How does MyDirectives work?

MyDirectives allows you to combine the elements of a medical power of attorney, a do-not-attempt-resuscitation form and organ donation.

With MyDirectives, you can upload your existing paper advance directive (e.g. Five Wishes®), advance care plan or portable medical order, or you can create a digital care plan in minutes. You can attach video messages and audio files too—whatever you need to feel confident your thoughts and wishes are clear.

Your MyDirectives plan is available to you and your medical providers 24 hours a day, 7 days a week. It can be updated anytime.

MyDirectives leads you through a process that helps you create a higher quality document that doctors and nurses can find and use when the member can't share their wishes. However, it may not be legally binding in all jurisdictions. Doctors in most jurisdictions are allowed to refuse to comply with your wishes if they have an objection of conscience or believe your treatment choices are medically inappropriate.
