

### Save time and money

Take advantage of our digital tools on Caremark.com. They make it easy to manage your prescriptions, view savings opportunities, and more.

#### Stay in the loop

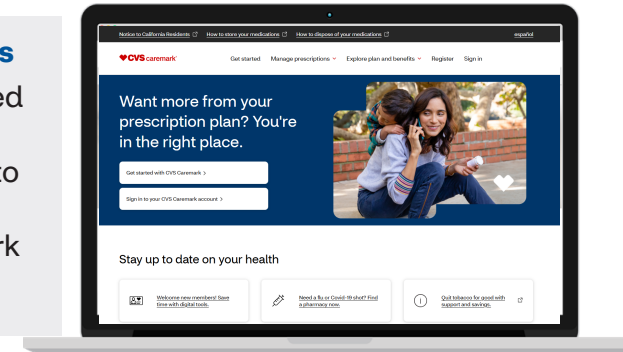

Sign up to get email or text messages about your prescriptions, ways to save, status updates and more.

#### Refill fast

Request refills quickly and keep track of prescriptions for you and your family in one convenient place.

#### Explore Rx savings options

Find out if your Rx is covered or if there are lower cost options such as changing to a generic medication or delivery from CVS Caremark Mail Pharmacy.

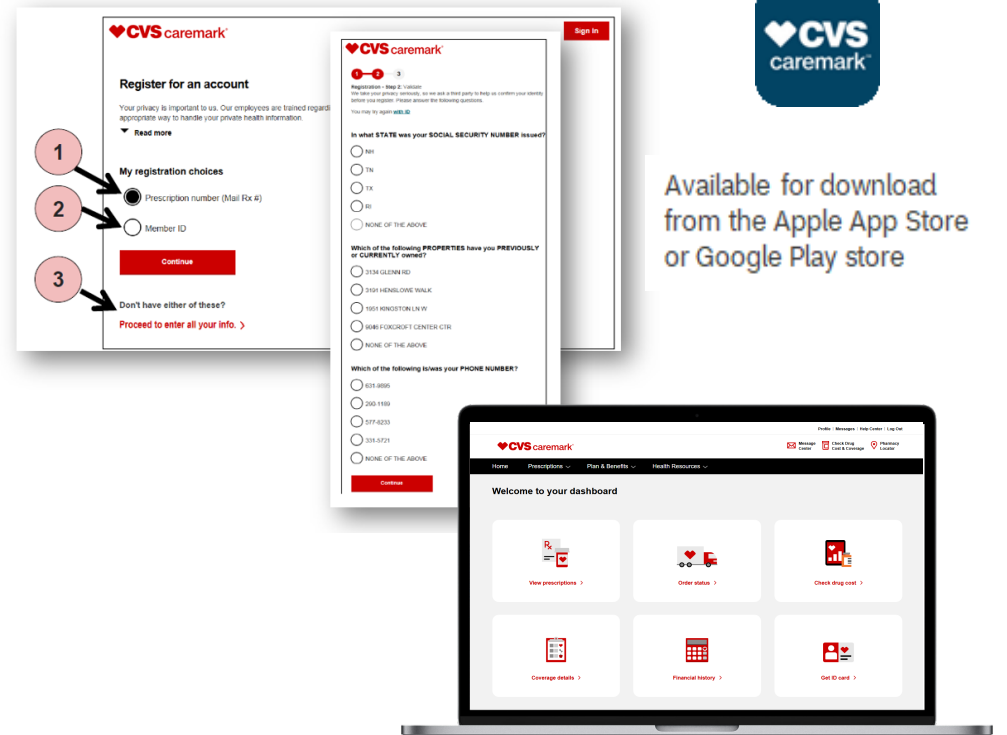

### Create your Caremark.com account

#### Choose one of three ways to register:

1. Use the prescription number from your medication label
2. Use your member ID number
3. Answer a few questions to verify your identity

#### Once you're registered, you'll be taken to your dashboard where you can:

- See your plan details
- Track your Rx spending
- Check drug cost and coverage
- Start new mail service prescriptions
- Refill prescriptions

Available for download from the Apple App Store or Google Play store

## Check drug cost and coverage

The Check Drug Cost tool is personalized to your plan design. It lets you see how much your prescription will cost at your primary pharmacy and highlights opportunities to save money.

### You can compare the cost:

- 30-day vs. a 90-day supply
- Retail vs. mail pharmacy
- Generic vs. a brand-name medication

A generic has the same active ingredients, strength and dosage as its brand-name equal. The U.S. Food and Drug Administration (FDA) requires generics to be as safe and effective as brand-name equals.

**Ask your provider or pharmacist if you can replace your brand-name medication with a generic.**

## Convenience, savings and safety — Rx Delivery by Mail

### It's convenient

- Delivery from CVS Caremark Mail Pharmacy located on the island of Oahu
- 90-day supplies

### It saves money

- 90-day supplies cost less
- No-cost shipping

### It's safe

- Prescriptions filled by a registered pharmacist
- Contactless delivery
- Secure nondescript packaging
- Temperature controlled packaging if needed

Select *Request* in the Mail Order section

From your dashboard, click on Check drug cost

Start typing your medication name in the search box

Choose the name or National Drug Code (NDC) number, form and strength prescribed to you from the drop down

The screenshot shows the CVS Caremark dashboard with a navigation bar at the top. The main content area has a 'Welcome to your dashboard' message and three large buttons: 'View prescriptions', 'Order status', and 'Check drug cost'. A red arrow points from the text 'From your dashboard, click on Check drug cost' to the 'Check drug cost' button. Below the buttons, there is a search box for 'Drug name or NDC' with a dropdown menu showing various medications like Lipitor, Atorvastatin, and Simvastatin. To the right of the search box, there are two tables showing coverage details for 'Lipitor' and 'Atorvastatin Calcium'. The 'Lipitor' table shows 'Mail order' as 'Covered' and 'In-store' as 'Covered'. The 'Atorvastatin Calcium' table shows 'Mail order' as 'Covered' and 'In-store' as 'Covered'. Below these tables, there is a 'Covered alternatives' section with three options: 'Simvastatin', 'Simvastatin', and 'Rosuvastatin'.

The screenshot shows the CVS Caremark dashboard with a navigation bar at the top. The 'Prescriptions' menu is open, showing options like 'View Order Status', 'View/Refill All Prescriptions', 'Financial Summary', and 'Start Rx Delivery by Mail'. A red arrow points from the text 'From the Prescriptions drop-down menu, select Start Rx Delivery by Mail or follow the instructions above to check drug cost and coverage for your medication' to the 'Start Rx Delivery by Mail' button. Below the menu, there are two large buttons: 'View prescriptions' and 'Order status'. Below these buttons, there is a search box for 'Drug name or NDC' with a dropdown menu showing various medications like Lipitor, Atorvastatin, and Simvastatin. To the right of the search box, there are two tables showing coverage details for 'Lipitor' and 'Atorvastatin Calcium'. The 'Lipitor' table shows 'Mail order' as 'Covered' and 'In-store' as 'Covered'. The 'Atorvastatin Calcium' table shows 'Mail order' as 'Covered' and 'In-store' as 'Covered'. Below these tables, there is a 'Covered alternatives' section with three options: 'Simvastatin', 'Simvastatin', and 'Rosuvastatin'.
